DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Hisumi Takaaki (JP 2001-348176) discloses a human body monitoring system comprising a monitoring device carried by a person to be monitored and having a transmitting section and a mobile terminal carried by the person to be monitored and having a receiving section, based on an abnormal data signal received by the mobile terminal from the monitoring device, the abnormal signal and information concerning a position where an emergency occurs to a pre-specified contact address or a management center (abstract) but fails to disclose the mobile terminal connected to the monitoring device through a wireless communication system using a weak electric wave, wherein the monitoring device has a non-contact bio-magnetic field measuring sensor, monitors trends in action potentials in the target person for monitoring with the sensor, and transmits the abnormal data signal to the mobile terminal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
